

PARENT'S OCCUPATION AND EDUCATION INFORMATION

Dear Parents and Carers,

When you enrolled your child at Hurstville Grove Infants School, you included information about your family background. We use this information to evaluate whether our policies and programs are effectively resourced to support our students and school community.

You were also asked to provide information about your occupation and education. Although this is voluntary, your information helps us to ensure the best educational outcomes for your child and can also impact the level of funding the school receives from the department of education to support student learning.

Since the time you enrolled your child, your employment situation may have changed.

If your circumstances have changed and you have for example become unemployed (this may be due to pregnancy, COVID-19, tertiary studies), we would appreciate it if you update your family/employment information by returning the note below. This will ensure we have accurate and up to date information which may impact the resourcing of our school. If your circumstances have not changed, there is no need for you to complete this.

We understand the sensitive nature of any personal information and it will be treated with the strictest confidence in line with Department of Education Privacy guidelines.

Yours Sincerely,

Kylie McKinnon
Principal
